

# Prescription Drug Cost Management Program

## We search for lower costing alternatives for your current medications

- A service of Southeastern Agency
- Provided at no cost to you
- Potential savings on approximately 80% of your current prescriptions

## How it works:

1. Provide us with your current medications and their costs
2. We evaluate 3 different options for saving you money:
  - A) Lower-Costing Generic or Brand Alternatives - available for over 50% of all brand medications
  - B) Your Mail Order Pharmacy Option
  - C) \$4 Retail Pharmacy Program - over 300 generic medications available
3. We provide letters to take to your doctor to ask him/her to consider these alternatives.

## What folks are saying about the program...
